Dear Supervisors:

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

54 September 6, 2016

LORI GLASGOW
EXECUTIVE OFFICER

**AWARD CONSTRUCTION CONTRACT
PACIFIC BOULEVARD AT CALIFORNIA STREET
CROSSWALK IMPROVEMENTS
IN THE UNINCORPORATED COMMUNITY OF WALNUT PARK
(SUPERVISORIAL DISTRICT 1)
(3 VOTES)**

SUBJECT

This action is to award a construction contract to EBS General Engineering, Inc., for Pacific Boulevard at California Street Crosswalk Improvements, and authorize the Director of Public Works or her designee to execute a construction contract for work in the unincorporated community of Walnut Park.

IT IS RECOMMENDED THAT THE BOARD:

1. Award and authorize the Director of Public Works or her designee to execute a construction contract and establish the effective date following receipt of approved Faithful Performance and Labor and Material Bonds and insurance certificate filed by the contractor for Project ID No. RDC0015763 – Pacific Boulevard at California Street Crosswalk Improvements for construction of bulbouts, curb and gutter, curb ramps, sidewalks, and river rock paving, in the unincorporated community of Walnut Park, to EBS General Engineering, Inc., in the amount of \$166,702.50.
2. Delegate to the Director of Public Works or her designee the following authority in connection with this contract: (1) approve and execute change orders within the same monetary limits delegated to the Director of Public Works under Section 2.18.050 of the Los Angeles County Code relative to the construction of County buildings, (2) accept the project upon its final completion, and (3) release retention money withheld consistent with the requirements of State Public Contract Code Sections

7101 and 9203.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is to obtain approval of the project from the Board to award this construction contract, authorize the Director of Public Works or her designee to execute the construction contract, and establish the effective contract date following receipt of approved Faithful Performance and Labor and Material Bonds and insurance certificate filed by the contractor for this project.

On June 8, 2016, Agenda Item 27, the Board approved the project; adopted the plans and specifications; called for bids to be received on July 7, 2016; and instructed the Executive Officer of the Board of Supervisors to advertise the project. The Board also delegated authority to the Director to award a construction contract within the estimated cost range of \$110,000 to \$150,000. However, the only bid we received exceeded the authorized range. The small size of the project contributed to the high unit prices used by the contractor. While this bid is significantly higher than the estimate, we believe the bid submitted by the contractor is still reasonable and reflects the cost of the work. It is our opinion that readvertisement will not likely result in the receipt of substantially lower bids. Therefore, we recommend award of the project to EBS General Engineering, Inc., in the amount of \$166,702.50.

The enclosure includes the project description, the call for bids and bid opening date, a tabulation of bids, and financial information. The certified record of receipt of bids and the original bid proposal are also enclosed for this project.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provisions of Operational Effectiveness/Fiscal Sustainability (Goal 1) and Integrated Services Delivery (Goal 3). Awarding this construction contract will provide improved infrastructure to better serve the public and enhance the quality of life in the affected community.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

The construction contract cost of \$166,702.50 is included in the First Supervisorial District's Transportation Improvement Program in the Road Fund Fiscal Year 2016-17 Budget.

The enclosure includes the amount of the recommended contract as compared with the engineer's estimate, the other bids received, and more detailed fiscal and financial information.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The contract agreement will be in the form previously reviewed and approved as to form by County Counsel. The recommended contract was solicited on an open-competitive basis and is in accordance with applicable Federal, State, and County requirements. The contractor is in compliance with the Chief Executive Officer's and the Board's requirements.

The contract specifications require the work to be completed in 80 working days. It is anticipated the work will start in November 2016 and be completed in March 2017.

The award of this contract will be in full compliance with Federal, State, and County regulations. This contract contains terms and conditions supporting the Board's ordinances, policies, and programs including, but not limited to: the County of Los Angeles' Greater Avenues for Independence and General Relief Opportunities for Work Programs (GAIN and GROW), Board Policy No. 5.050; Contract Language to Assist in Placement of Displaced County Workers, Board Policy No. 5.110; Reporting of Improper Solicitations, Board Policy No. 5.060; Notice to Contract Employees of Newborn Abandonment Law (Safely Surrendered Baby Law), Board Policy No. 5.135; Contractor Employee Jury Service Program, Los Angeles County Code, Chapter 2.203; Notice to Employees Regarding the Federal Earned Income Credit (Federal Income Tax Law, Internal Revenue Service Notice 1015); Contractor Responsibility and Debarment, Los Angeles County Code, Chapter 2.202; the County's Child Support Compliance Program, Los Angeles County Code, Chapter 2.200; the County's Defaulted Property Tax Reduction Program Ordinance, Los Angeles County Code, Chapter 2.206; Local Business Enterprise Preference Program, Los Angeles County Code, Chapter 2.204; and the standard Board directed clauses that provide for contract termination or renegotiation.

The State Public Contract Code requires the County to award construction contracts to a responsible contractor with the lowest responsive bid, which is defined as the firm that: (1) submits the bid with the lowest cost; (2) is deemed by the County to be responsive to specific criteria under the solicitation including, but not limited to, licensure, bonding, and insurance requirements; and (3) is determined by the County to be a responsible bidder by exhibiting the capability, capacity, experience, trustworthiness, and financial wherewithal to perform the work required under the bid solicitation.

To ensure the contract is awarded to a responsible contractor with a satisfactory history of performance, bidders are required to report violations of the False Claims Act, criminal convictions, civil litigation, defaulted contracts with the County, complaints filed with the Contractor's State License Board, labor law/payroll violations, and debarment actions. As provided for in Board Policy No. 5.140, the information reported by each respective contractor was considered before making this recommendation to award.

The plans and specifications include the contractual provisions, methods, and material requirements necessary for this project and are on file with the Department of Public Works.

ENVIRONMENTAL DOCUMENTATION

On June 8, 2016, Agenda Item 27, the Board found this project to be categorically exempt from the provisions of the California Environmental Quality Act.

CONTRACTING PROCESS

The contract was solicited on an open-competitive basis in accordance with the provisions of the State Public Contract Code.

The State Labor Code requires contractors to pay prevailing wage rates to all persons employed on

construction contracts. These rates are determined by the Department of Industrial Relations and include contributions for fringe benefits such as vacations, pension funds, training, and health plans for each employee.

To further increase contractor awareness of contracting opportunities with Public Works, this project was listed on both the County's "Doing Business with Us" and Public Works' "Contract Opportunities" websites for upcoming bids. Public Works also coordinated with the Office of Small Business to maximize outreach.

Public Works will review and approve the Faithful Performance and payment bonds filed by the contractor.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

This construction contract will result in improved infrastructure in the community where the work is scheduled.

CONCLUSION

Please return one adopted copy of this letter to the Department of Public Works, Construction Division.

Respectfully submitted,

A handwritten signature in cursive script that reads "Gail Farber".

TYPE OF WORK: Construction of bulbouts, curb and gutter, curb ramps, sidewalks, and river rock paving and the performance of other appurtenant work.

CALL FOR BIDS DATE: June 8, 2016 (Agenda Item 27)

BID OPENING DATE: July 7, 2016

BID SUMMARY:

Low	EBS General Engineering, Inc. 1320 East Sixth Street, Suite 100 Corona, California 92879 (951) 279-6869	\$166,702.50
-----	------------------------------------------------------------------------------------------------------------------	--------------

FINANCIAL INFORMATION:

Amount of estimate	\$132,584.00
Amount of recommended contract	\$166,702.50
Amount of recommended contract above the estimate	\$ 34,118.50

The amount of the recommended contract is 26 percent above the estimate.

On June 8, 2016, the Board delegated authority to the Director of Public Works to award a construction contract within the estimated cost range of \$110,000 to \$150,000. However, the only bid we received exceeded the authorized range. The small size of the project contributed to the high unit prices used by the contractor. While this bid is significantly higher than the estimate, we believe the bid submitted by the contractor is still reasonable and reflects the cost of the work. It is our opinion that readvertisement will not likely result in the receipt of substantially lower bids. Therefore, we recommend award of the project to EBS General Engineering, Inc., in the amount of \$166,702.50.

The total project cost is estimated to be \$700,000. In addition to the construction contract cost, the total project cost includes preparation of plans and specifications, consultant services, survey, utility clearance, materials testing, inspection, contract administration, change order contingency, and other County Services.

This project is administered under the Federal Highway Safety Improvement Program covered by Agreement No. 76078 with the State of California. Under this program, Federal-aid grant funds in the amount of \$148,100 is used to finance a portion of the construction cost.

Financing for this project is included in the First Supervisorial District's Transportation Improvement Program in the Road Fund Fiscal Year 2016-17 Budget.

The following items are listed in the Section entitled “Submission of DBE Commitment” of the Special Provisions:
